Rebellion.

The Pope Sends a Blessing on  
Prohibition.

Mourning for Lowell.

By Associated Press.  
BAR HARBOR (Me.), Aug. 13.—Sec-  
retary Blaine, when informed of the  
death of James Russell Lowell, ex-  
pressed his deepest sorrow. When  
asked if he would not make some  
statement of Lowell's career as a dip-  
lomast, he declined.

Boston, Aug. 13.—Dr. Oliver Wen-  
dell Holmes was much affected by the  
death of his life long friend, James  
Russell Lowell, although, as he says,  
he has known it was coming for a long  
time. He declined to talk on the sub-  
ject for publication.

Newburyport (Mass.), Aug. 12.—  
John Greenleaf Whittier was much  
shocked to hear of Lowell's death.  
"Too bad, too bad," he said. "It is in-  
deed a great loss to American letters  
and to the world."

London, Aug. 13.—Telegrams from  
Englishmen, prominent in literary,  
dramatic and all other walks of life  
are being received in this city, ex-  
pressing sorrow and deep regret at the  
death of Lowell. Among the tele-  
grams received this morning is one  
from Baron Tennyson, the aged poet  
and close friend of Lowell, and the  
latter's death affected him deeply.

Lord Tennyson's message says:  
"England and America will mourn  
Lowell's death; they loved him and  
he loved them. Pray express for my-  
self and mine, our sincerest sympathy  
with Lowell's family."

London Press on Lowell's Death.

By Cable and Associated Press.  
LONDON, Aug. 13.—The Times says:  
"The death of Lowell is probably more  
keenly and widely felt in England  
than would be any other American  
indeed any man not a fellow country-  
man. With his death there passes  
into history a really remarkable mind,  
whose reputation will grow with time.  
Corrupt politicians hated him, but he  
goes to his grave mourned by all that  
is best in America and amid the heart-  
felt regard and admiration of Eng-  
land."

The Standard says: "America  
may claim the distinction of his birth,  
but his fame belongs to the wide re-  
public speaking the English tongue."  
The Daily News says: "Lowell  
will be lamented in England not less  
than in America. He was ever a  
fighter and always on the side of truth,  
honesty, justice, freedom, mercy and  
peace."

All other London morning newspa-  
pers contain comments and long obit-  
uary notices.

Vive I' Cesar.

By Cable and Associated Press.  
PARIS, August 13.—Grand Duke  
Alexis left this city to-day for Vichy.  
As the carriage of the Grand Duke  
passed along the streets the crowds  
cheered him enthusiastically, and as  
he smilingly bowed in response to the  
hearty greetings tendered him, the  
crowd broke out into cries of "Vive  
I' Russia," "Vive I' France" and  
"Vive I' Cesar." When the Grand  
Duke reached the railway station there  
was a repetition of the scenes of en-  
thusiasm witnessed on the streets.

The Pope's Blessing.

Special to the GAZETTE.  
WINONA (Minn.), Aug. 13.—Bishop  
Cotter received a cablegram from Car-  
dinal Kampola at Rome, communicat-  
ing the blessing of the Pope to the  
Catholic Total Abstinence Union of  
America on the occasion of its assem-  
bling in convention in Washington.  
This message was received too late for  
announcement at the convention.

Fine Net Prospects.

Special to the GAZETTE.  
CARSON (Nev.), Aug. 13.—Develop-  
ments are steadily going on at the  
Fine Net gold mines and prospectors  
are constantly arriving. Ton tons of  
ore shipped to Salt Lake returned two  
hundred dollars per ton. Zinn has  
uncovered his ledge three hundred  
feet and found rich prospects all along  
the ledge.

Admiral Brown on Chili.

WASHINGTON, Aug. 13.—The Navy  
Department has received a report  
from Rear Admiral Brown, Com-  
mander-in-Chief of the Pacific Station,  
dated Coquimbó, Chili, July 3d. Af-  
ter noting the arrival at that place of  
his flag ship, San Francisco, on June  
28th, he says:

"On June 18th Rear Admiral Mc-  
Cann left Iquique for Callao, Peru, on  
the Baltimore. Since that date I vi-  
sited Arica, Pisagua, Antofagasta and  
Caldera, and at each of those places  
I found the Congressionalists or Insur-  
gents in quiet possession of the civil  
and military departments. At Pis-  
agua, Callao, Buenos, Iquique and  
Antofagasta vessels are loading nitrate  
as rapidly as if no war existed and the  
Insurgents are collecting the export  
duty on the same. At Pisagua there  
were two American barks and one  
schooner, and at Antofagasta one  
American bark. About two weeks be-  
fore my visit to Pisagua the govern-  
ment torpedo vessels Condell and  
Lynch, and the armed transport, Im-  
perial, had without any previous no-  
tice bombarded the city. They did  
no serious damage to property and no  
one on shore was even wounded. The  
vessels appeared off Iquique and be-  
gan firing at the city, but it was at  
such long range no projectiles reached  
the shore. The land forces of the In-  
surgents are mainly concentrated at  
Iquique, where there are about 6,000  
men well armed. Their aggregate  
force at all the ports held by them  
numbers about 8,000. The insurgent  
naval vessels are the Famaleda,  
Cochrane, Huascar, Magallanes,  
O'Higgins and Abtao and several armed  
transports generally at Iquique."

Train Derailed.

SAN FRANCISCO, Aug. 13.—A train  
of ten cars loaded with live stock was  
derailed early this morning in South  
San Francisco, and John W. Molloy,  
an employee of the Western Sugar Re-  
finery, who was riding on the train,  
was so badly mangled that he died  
after reaching the Receiving Hospital.  
Brakemen Valley and Quinn were  
hurled from the top of the train, but  
escaped with a few bruises. Several  
of the derailed cars had the ends  
badly smashed and about one hun-  
dred feet of track was torn up. None  
of the live stock were injured. The  
derailment was caused by a switch  
having been left open, either by ac-  
cident or design.

Superintendent McCormick was  
seen and when asked his opinion as to  
how the accident occurred, replied, it  
was the work of somebody who has a  
key and turned the switches. He said,  
"The switches were all right when we  
went over the road last night, and if  
they had been left alone the accident  
would not have occurred. If they had  
been open when the last train ran  
over the line the accident would have  
occurred then."

Killed for Coin.

PHILADELPHIA, Aug. 13.—Job Haas,  
aged 60, a coal dealer, was found dead  
in his office this morning with "his  
skull crushed. A club and hatchet  
covered with blood were found lying  
on the floor of the office. Colored men  
seen lurking in the vicinity are sus-  
pected of having committed the deed,  
but have not yet been apprehended.  
The motive for the crime is supposed  
to have been robbery.

Nearly the Last Ditch.

Special to the GAZETTE.  
GRAND VALLEY (Cal.), August 13.—  
Theodore Swartz, an old resident of  
Pleasant Valley, who has been ill for  
some time, went to the Excelsior ditch,  
which runs through his farm, yester-  
day, to raise a gate for irrigating his  
place, and fell into the ditch, which  
was filled deep with water, but suc-  
ceeded in grasping weeds on the bank  
and was rescued almost lifeless. He  
will probably recover.

Weather Report.

Special to the GAZETTE.  
SAN FRANCISCO, Aug. 13.—Forecast,  
light rains at Keeler and vicinity and  
at Winnemucca.

Grain Market.

Special to the GAZETTE.  
SAN FRANCISCO, August 13.—Wheat,  
buyer 91, 1 67 1/2; season, 1 72 1/2.

BREVITIES.

J. L. Wines returned last night  
from Austin.  
Dr. Phillips reports the Fraser fam-  
ily as doing nicely now, and he thinks  
he has the upper hand of the diphther-  
ia in that quarter.

Geo. W. Mescham of Humboldt is  
in town. He is accompanied by M.  
M. Bailey, a gentleman from Utah  
and Colorado, who is looking for min-  
ing investments in Eastern Nevada.

Simple Remedies.

Dr. H. H. Hogan says one of the  
simplest and best remedies for diph-  
theria is dry sulphur, or given in syrup  
every half hour. The doctor says that  
if anything will save the patient sul-  
phur will.

## SIoux CITY SUIT.

Broken Broker Backer  
Arrested.

MORE MONEY FROM MINNESOTA.

Russian Rye and Government  
Relief.

People's Party Prospects Poor  
In Two States.

Russian Rye.

By Cable and Associated Press.  
BERLIN, Aug. 13.—It was at first  
believed that the Russian ukase was  
directed against Germany, but the  
government now appears to be con-  
vinced that it was prompted by an  
economic motive. The German im-  
port of rye in the last decade amount-  
ed to only about one-sixth of her own  
production, but the failure of the Ger-  
man crop this year makes the situa-  
tion more serious. The latest statis-  
tics, however, leave ground for hope  
that the harvest may be better than  
expected. Reports of a rise in the  
price of rye in Holland caused a fur-  
ther rise of one mark here to-day, but  
toward the close, receded two marks.  
Wheat advanced 3 1/2 marks on un-  
favorable reports from New York.

The London Times correspondent  
at St. Petersburg says: In certain  
well informed circles here it is main-  
tained the harvest is in no way as bad  
as pretended. The rye crop is not  
small enough to warrant prohibition.  
The ukase is rather considered a po-  
litical move against Germany and  
Austria.

People's Party of Illinois.

By Associated Press.  
SPRINGFIELD (Ill.), Aug. 13.—The  
movement to start a People's Party in  
Illinois did not open very auspici-  
ously. When the meeting was called  
to order at the State House this morn-  
ing not over forty persons were pres-  
ent. They represent all parts of the  
State, however, and among the num-  
ber were several officers of the  
Farmers Mutual Benefit Association  
and Grange. But little was done this  
morning. S. M. Norton, editor of the  
Sentinel of Chicago, was elected  
chairman, and after the appointment  
of a committee on rules, an adjourn-  
ment was taken to 5 o'clock p. m.

Plate Glass Receiver.

By Associated Press.  
BUTLER (Pa.), August 13.—The  
Standard Plate Glass Works to-day  
passed into the hands of a receiver as  
a result of an amicable arrangement  
between the creditors of the W. E.  
Schmertz estate and the stockholders.  
The Schmertz estate held a large  
block of stock and W. E. Schmertz  
was treasurer of the company. His  
failure made the appointment of a  
receiver necessary in order to save the  
plant from sale by his creditors. The  
glass company is not embarrassed and  
will pull through all right. D. E.  
Wheeler was appointed receiver.

Needs More Money.

By Associated Press.  
ST. PAUL, Aug. 13.—A State conven-  
tion called to consider raising addi-  
tional funds for the Minnesota ex-  
hibit at the World's Fair at Chicago  
was called to order this morning. L.  
P. Hunt, Secretary, read estimates of  
money deemed necessary for the  
proper exhibits, placing the amount  
at \$175,000. The Legislature appro-  
priated but \$50,000 and none of this  
is available for a State building. The  
Commissioners, however, only asked  
for \$100,000 additional.

Arrest of a Broken Broker.

By Associated Press.  
NEW YORK, Aug. 13.—Broker Abra-  
ham Backer, who recently assigned  
for the benefit of his creditors, was ar-  
rested at noon to-day on a warrant  
sworn out by Wm. D. Hardin, presid-  
ing Justice of the City Court of Sa-  
vannah, Ga., who charges him with  
defrauding him of debenture bonds  
and certificates valued at \$12,000.

A Live General.

By Associated Press.  
BOSTON, Aug. 13.—A rumor that  
General Butler died yesterday sud-  
denly on his yacht was circulated in  
this city last night and caused some  
excitement. It is ascertained that  
Lowell, where the General lives, that  
he was not on the yacht, but at home  
enjoying his usual good health.

Relief for Russians.

By Cable and Associated Press.  
ST. PETERSBURG, Aug. 13.—The relief  
measures for the distressed provinces  
are being rapidly pushed. Committees  
are advancing money to small farm-  
ers to procure food and seed. Trans-  
portation rates have already been  
reduced.

Civil Service Rules.

By Associated Press.  
WASHINGTON, Aug. 13.—The Presi-  
dent, upon recommendation of the  
Civil Service Commission, has made  
important changes in the rules gov-  
erning the classified service. Under  
these amendments all promotions  
hereafter made in the classified ser-  
vice will be upon strictly competitive  
examination conducted under the di-  
rect authority of the Civil Service  
Commission. Promotions, like ap-  
pointments, to be made upon merit  
only. In examinations for promotions  
much weight will be given to office  
records of clerks as to punctuality,  
diligence and efficiency.

Suit from Sioux City.

By Associated Press.  
NEW YORK, August 13.—The Fide-  
lity Loan and Trust Company of Sioux  
City has brought suit against the  
Manhattan Trust Company, Francis  
O. French, Amos T. French, Edward  
F. Gedney, George Blanchard and  
Wendell Goodwin of this city and  
Donald McLean of Utah, to recover  
\$55,000 subscription for stock in the  
Pacific Short Line, alleged to have  
been obtained by false representations.

Murderers Hanged.

By Associated Press.  
ST. LOUIS, August 13.—Henry Hen-  
sen, a wife murderer, was hanged at  
7 o'clock this morning. The con-  
demned man refused to have the  
death warrant read to him, and at his  
request, no religious services were  
read on the scaffold.

LEXINGTON (Mo.), Aug. 13.—Chris-  
Young, the slayer of Steven Ferguson,  
was hanged this morning.

An Editor Hanged.

By Associated Press.  
CHICAGO, Aug. 13.—The funeral  
services over the remains of the late  
Herman Raster, editor of the Staats  
Zeitung of this city, who died in Ger-  
many last month, were held at the  
family residence this morning. Many  
prominent people were present. The  
services consisted of musical selec-  
tions and addresses. The interment  
was at Grapeland cemetery.

Out-thrust Italians.

Special to the GAZETTE.  
SANTA ROSA, Aug. 13.—Warrants  
were issued to-day for the arrest of  
three Italians, Angelo Bertolucci, Pa-  
ola and Stefanni, for assault to mur-  
der three other Italians at Duncan  
Mills last Saturday night, during a  
drunken quarrel. Two of the assault-  
ed are badly cut and it is thought they  
will die.

People's Party of Maryland.

By Associated Press.  
BALTIMORE, Aug. 13.—The final ses-  
sion of the Farmers' Convention met  
again this morning and disposed of  
reports, and two addresses made by  
President Polk of the National Farm-  
ers' Alliance have engaged the atten-  
tion of the delegates to-day.

Governor Improved.

Special to the GAZETTE.  
LOS ANGELES, August 13.—Governor  
Markham said to an Evening Ex-  
press reporter to-day that his trip in  
San Gabriel Canyon has greatly ben-  
efited him, and will leave for Sacra-  
mento Saturday night.

The Barge Disaster.

By Associated Press.  
NEW YORK, August 13.—The excite-  
ment over the barge disaster at Cold  
Springs Grove still continues to-day  
in Brooklyn. Most of the injured are  
still at Brooklyn to-day, and all but  
two are doing well.

The Bars Are Up.

Special to the GAZETTE.  
SAN FRANCISCO, Aug. 13.—The  
Courts to-day decided that seventy-  
eight Chinese brought here by the  
Oceanic shall not be allowed to land,  
as they were without the requisite  
certificates.

Residence Burned.

Special to the GAZETTE.  
BAKERSFIELD (Cal.), August 13.—  
Last night the residence of G. Scholl  
was destroyed by fire. Loss, \$2,000;  
insured. The cause was the explosion  
of a coal oil lamp.

Appointed.

By Associated Press.  
CHICAGO, Aug. 13.—James Samuels  
of Kentucky has been appointed and  
confirmed as Chief of the Horticul-  
tural Bureau of the World's Fair.

There were six deaths from heat re-  
ported to-day in New York.

HAVE WE DIPHTHERIA?

A Letter From Dr. Bergstein That  
Should Remove All Doubt.

EDITOR GAZETTE: By the over-seal  
or over-something of a public function-  
ary of Washoe county the sanctity of  
home has been invaded and I, con-  
trary to inclination, and the code of  
ethics of my profession—for which I  
am a great stickler—am forced into  
the public discussion of what should  
be, a private matter. Yesterday  
morning a message was brought to  
my house requesting my immediate  
attendance on Lee Malotte, as it was  
feared he had diphtheria. I re-  
sponded at once and found him with

a badly inflamed throat, the right  
tonsil and back of the throat covered  
with a brown deposit, the glands of  
the tongue and those beneath the  
right side of the jaw badly swollen,  
little or no fever. If there had been  
no diphtheria in the neighborhood I  
should have waited until the mem-  
brane had been fully developed before  
forming my diagnosis. As it was,  
there was not the slightest doubt in  
my mind, and later, development  
fully justified my conclusion that it  
was a case of diphtheria. At 8 p. m.  
yesterday, in spite of the opinion of  
Dr. Mullen that it was a case of "ul-  
cerated tonsils" (vide Journal of this  
morning), and of the most vigorous  
anti-diphtheritic treatment I could  
adopt. The brown deposit had be-  
come a fully developed mem-  
brane. A white membrane had  
formed on the front of the  
right tonsil. It was oval in shape,  
about the sixth of an inch in width  
and a quarter of an inch long, and  
the child was continuing through the  
night at 8 a. m. to-day it had ex-  
tended across the soft palate to the  
right side, and the glands had become  
so swollen that he could scarcely open  
his mouth. With this state-  
ment of the condition of the patient,  
I am willing to leave the matter to  
those who are competent to form an  
opinion.

On last Friday night I was called  
to see the baby of Mrs. Taylor. She  
had just returned from a visit, as I then  
understood her, from Washoe. I  
found the child with a high fever and  
the fauces badly inflamed and cov-  
ered with minute white spots. I sus-  
pected it to be a case of what is known  
as "follicular pharyngitis," and  
treated the little one accordingly.  
When I called the next morning I  
found my minute spots had co-  
alesced and I had a fully developed  
diphtheritic membrane. Since that  
time numbers of pieces have come  
away and the little one is rapidly im-  
proving. In the course of a conver-  
sation, Mrs. Taylor informed me that  
a number of children where she had  
visited were affected by the same  
disease; that it was at Franktown, and  
that one of the children of the Hon.  
Wm. Thompson was also similarly  
diseased.

Chancing to be in conversation with  
Mr. D. O'Keefe in front of my office  
that day, I noticed Mr. Thompson  
opposite, and said to Mr. O'Keefe:  
"Dan, you are a particular friend of  
Thompson's. He has a child sick  
with diphtheria and doesn't know it.  
You had better tell him to have his  
physician attend to it." That evening  
Mr. Thompson brought the child to  
town. In the absence of Dr. Hogan,  
his family physician, he took the child  
to Dr. Dawson, who informed me that  
he discovered a fully developed dipht-  
heritic membrane, covering the  
pharynx and extending into the nose.  
In this case I had diagnosed the case  
simply because Mrs. Taylor told me  
that the case was similar to that of  
her own child. In conclusion, let me  
ask, if I was correct in the Thompson  
case, am I likely to be mistaken in  
under my immediate observation?  
And, now one word to the public.  
I have resided in Reno eight years  
and a half. During that period I have  
seen and known of six or seven cases  
of diphtheria, and I have never known  
it to spread. Of course it becomes  
our duty to avoid that catastrophe?  
How shall we do it? Perfect cleanli-  
ness of person and house, thorough  
ventilation and keep your children as  
much as possible in the open air.  
For cesspools, sewers, closets, etc.,  
use a solution of sulphate of iron  
(green vitriol of commerce); one and  
a half pounds to a gallon of water.  
Upon the first symptom of throat  
affection in your little ones have them  
examined by your family physician,  
as life depends upon the early recog-  
nition and treatment of the disease.  
Respectfully,  
Reno, August 13, 1891,  
H. BERGSTEIN.

MARRIED.

TORREYSON-FRENCH.—In Carson City,  
August 12, 1891, by the Rev. Geo. R. Bird,  
at the residence of the bride's parents,
